WEB CAMERA CNR-WCAM713

The CNR-WCAM713 is a simple, no-nonsense webcam offering you a simple solution for enjoyable video calling. It features an integrated microphone, a 1.3 Megapixel CMOS sensor, a snapshot button, a view angle of 70 degrees and a double-layered glass lens for higher image and video quality. It also has a practical activity light for you to know when the camera is in function. The CNR-WCAM713 is an easy 'grip' model which enables you to secure the webcam to the LCD monitor of your desktop computer or laptop, but it can also be positioned stably on a flat surface for your convenience. Available in black or silver, this webcam is compatible with the major instant messaging programs as well as with all Windows versions available including Vista.
